

# RUSSIAN SCIENTIFIC AND PRACTICAL CONFERENCE, AUTUMN 2021

16-17 September 2021, Ukhta, Russia

## COMPREHENSIVE STUDY AND DEVELOPMENT OF THE RUSSIAN EUROPEAN NORTH'S MINING RESOURCES

**Note:** *Due to the Covid-19 pandemic, the Russian scientific and practical conference, autumn 2021 will be opened on-line. The RSaPC, Autumn 2021 is free for all participants.*

Nowadays Arctic issue is one of the most important challenges. This problem includes different aspects, for instance, technologies for exploration, development, transportation of oil and gas, environmental management, economic and social development of single-industry cities, and also the livelihood of indigenous people and their way of life.

All these urgent issues can be resolved only together, that is why we should take joint actions. Our goals on the Arctic are to protect and support people, who live on this territory, to improve their welfare, to use more safe technologies for natural resources` exploration, development, transportation and to take measures on environmental protection.

Russian Scientific and Practical Conference "Comprehensive study and development of the Russian European north`s mining resources" will be held on the basis on the Ukhta State Technical University on September 16-17, 2021. English section is called as "Arctic researches in cultural, social and natural spheres".

USTU is only technical university in Komi republic, that prepares specialists for oil and gas industry, focused on working in North conditions, develops programs on environmental protection.
